## FOR IMMEDIATE RELEASE

### **HEALTH DEPARTMENT ANNOUNCES NEW CLINIC HOURS**

(Sedgwick County, Kansas) – The Sedgwick County Health Department has new clinic hours. The reproductive health services and immunizations will now be available from 8 am to 11:30 am and 1 pm to 4 pm Monday, Tuesday, Thursday and Friday. The hours on Wednesday, Noon to 7 pm, will remain unchanged. Previously, the main clinic and health stations were closed on Thursday mornings.

These new hours will make services such as childhood immunizations, travel shots, well-women exams, STDs exams and birth control services more readily available. The Children's Primary Care Clinic hours remain the same: Monday, Tuesday, Thursday and Friday 3:30 pm to 7 pm.

"It's important that we continue to look for ways to make our services accessible and convenient for citizens," said Sedgwick County Commission Chairman Ben Sciortino. "This is another example of how we continue to make services accessible to all citizens of Sedgwick County, regardless of where they live."

The fees for these services will remain on a sliding fee scale based on income with the exception of travel shots. For more information about preventive health services available at the Health Department call, 268-8441
